

TO-DO LIST APP

USER REQUIREMENTS

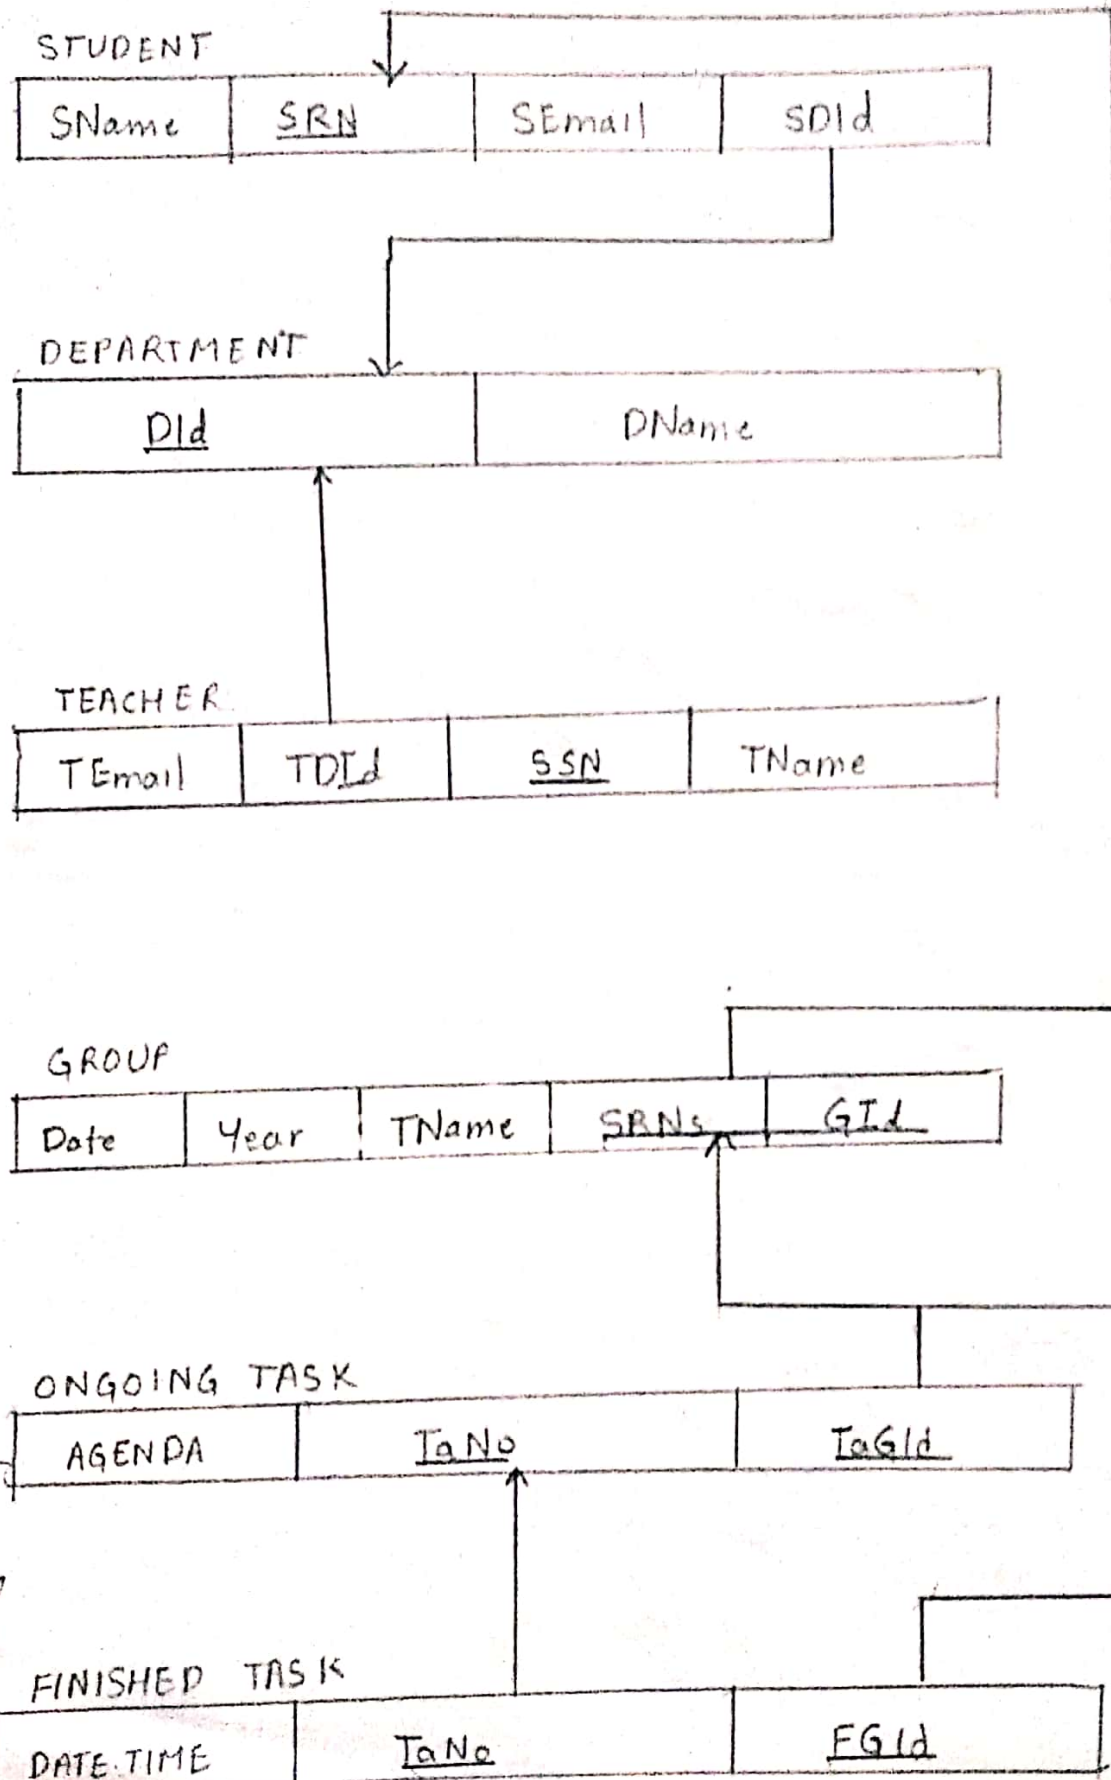

- The **UNIVERSITY** is organised into departments. Each department has a **Department Name** and a **Department ID**. There is a **HOD** for each Department.
- There are students who study under a particular department. Each student is identified by his/her **SRN**. The student has an **Email**, **Name** and the **Department ID** he/she studies under.
- There are a number of teachers working for a particular department. There is one teacher who manages a particular department. Each teacher is identified by the **SSN**. The teacher has an **Email**, **Name** and the **Department ID** they work for. The teachers are also responsible for supervising groups of students.
- There are groups of students who work on specific tasks assigned by teachers. Each group has the **SRNs** of the students in it, a **Group ID**, **Date of creation**, the **Year** of the students in it and the **Name** of the teacher supervising it.
- Each group works on a task assigned to it by a teacher. Each task has an **Agenda**, a **Task ID** and the **Group ID** of the group working on it.
- Once completed, the task becomes a finished task, for which a report is generated. The finished task has the **Task ID**, the **Group ID** of the group which completed it and the **Date/Time** of completion.

SRNs:

- 1) PES1201700298: Shoshank MB
- 2) PES1201700956: Shreyas BS
- 3) PES1201701744: Yoshitha V
